

Through support, challenge, and opportunity, Triangle, Inc. empowers people with disabilities and their families to enjoy rich, fulfilling lives. We are committed to helping the world realize that we are all people with ability.

## At Triangle, Inc. we see ability in everyone

Triangle, Inc.'s Randolph location works collaboratively with local high schools and the Department of Developmental Services. Our School-to-Career and Adult Programs work with people of all abilities to develop vocational skills, volunteering/internship opportunities, supported employment, and competitive employment.

Both our School-to-Career and Adult Programs offer a combination of Community Based Day Supports (CBDS) and Employment themes. On any given day, participants have the choice to participate in:

### Vocational Skills

Resume writing, mock interviews, job exploration, internships, and credentialed employment trainings with companies like CVS.

### Job Placement

Securing appropriate employment opportunities that best utilize individual abilities.

### Job Coaching Support

Training and on-going supports in order to begin a new job on a successful note and provide a positive work experience.

### Post-Employment

Long-term support between employer and employee.

### Community Based Day Supports (CBDS)

Structured group activities that enhance the skills needed to connect and increase independence in our communities. Through this program, participants gain knowledge and experience to support informed decision-making, safety, self advocacy, and social skills. Common CBDS activities include travel training on foot and via public transportation, internships at places such as The Bridge Center and the New England Wildlife Center, social and recreational activities, cooking class, daily living skills, and team building.

Our **CBDS** meets Monday through Friday from 8:30am to 2:30pm.  
Our **School to Career** program meets Monday through Friday from 9:00am to 1:45pm.
