November

Canton High School Internships at Salvation Army Store

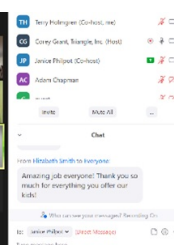

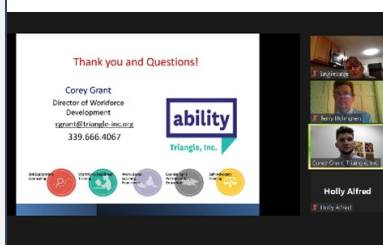

In our Triangle Pre-ETS classes, the idea of the dignity of work is taught as a core foundation. Canton High School students participated in retail internships at the Salvation Army store in Brockton. These students were responsible for ticketing, sorting, and stocking products.

Furthermore, all students were trained in how to work and function under COVID conditions, in addition to experiencing standard working procedure such as traveling to work, and the tasks relative to their project.

Pre-ETS Kickoff Meeting

Triangle would like to thank all that attended our Pre-ETS kickoff event. If you were not able to join and are interested in learning more about Pre-ETS and how to access services, the PowerPoint and a recording of the presentation can be found [here on our website](#).

Career Engagement Panel

Triangle held the second Career Engagement Panel on November 17th on Zoom. Our students had the opportunity to learn about 3 specialized industries: theater arts, insurance and accounting, and photography from 3 industry professionals. In addition, each presenter shared their career path and what has made them successful. The Breakout Sessions on Zoom allowed students individualized time to ask questions and engage in discussion with each presenter.

Special thanks to our presenters:

- Cassie Chapados with the Central Square Theater - [Central Square Theater - Cambridge, Massachusetts](#)
- Amanda DesRosiers with the Hartford Insurance - [Business, Home & Car Insurance Quotes | The Hartford Insurance](#)
- Kevin Thai with Three Circles Studios - [Kick Ass Headshots for Hustlers from Seed Rounds to C-Suites \(threecirclesstudio.com\)](#)

Salvation Army Environmental Services Internships

We have kicked off our Environmental Services training program in Brockton! In partnership with the Salvation Army, we are providing skills training for the custodial field. Pictured are students learning tasks and gaining real-world experience. This will prepare them for careers in a high demand field.

If you are interested in learning more about the Environmental Services training program, please contact Terry Holmgren at 781-388-4312 or tholmgren@triangle-inc.org.

Virtual Job Shadow

Triangle hosted its first Job Exploration Counseling training using Virtual Job Shadow. Students who attended used the software to explore the Graphic Arts. By using Virtual Job Shadow, students will be able to hear from industry professionals and learn from experts what skills and qualifications are needed to be successful in the field. Virtual Job Shadow

gives students an inside look at a day in the life of someone in the field. Be on the lookout for future Virtual Job Shadow Sessions as Triangle will use the platform regularly to provide exposure to many different careers.

Triangle Pre-ETS Students responses to the question, why we work?

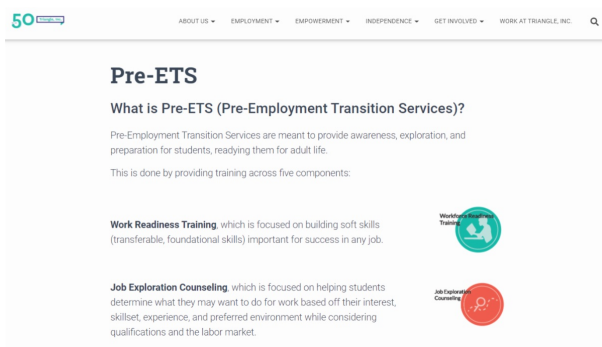

- To make money
- Enjoy helping others
- Make the community a better place
- Routine
- To be more independent
- Having something to do
- To learn new things
